OUR PHILOSOPHY

Our goal is to create a “home away from home” for your child. We will spend the day playing, imagining, creating, cooperating, learning, and smiling! No masks required!

Week 1: OUTDOOR ADVENTURE

June 27-30, July 25-29

During this week kids will learn how to make shelters and fire, tell the weather and directions, and learn about different animals and plants. Activities will include a combination of outdoor hands-on activities, and indoor puzzles and crafts.

Week 2: AROUND THE WORLD

July 4-8, August 2-5

Each day during this week, children will “travel” to a different continent and “visit” a country there. We will explore games and crafts from each country as well as make and taste a treat.

Week 3: SUPER SPORTS !

July 11-15, August 8-12

This is the week to work on sports skills and improve your fitness endurance! We will explore sports such as basketball, football, baseball or other sport the group is interested in. We will also have fun with relay races and cooperative games.

Week 4: COOL S.T.E.A.M.

July 18-22, August 15-18

How much fun it is to learn about and experiment with water, soap, air, stuff from around your home as well as machines and structures! Kids will use their hands and brains this week.
